#### **4.3.5 IN-PERSON AND REMOTE ACCESS USAGE OF LIBRARY AND THE LEARNER SESSIONS/LIBRARY USAGE PROGRAMMES ORGANIZED FOR THE TEACHERS AND STUDENTS (DATA FOR THE PRECEDING ACADEMIC YEAR)**

LMS is also concerned with the strategic planning of LIS in the present and future operations. Identifying and internalizing best practices in the management and administrative functions at regular intervals would enhance the collection and development process, services dissemination, and use of the library as a whole. Active participation and periodic meetings of library advisory committee, involvement of librarian in academic activities of the college, support from the management, participation of the users, standard facilities, regular flow of resource generation, skilled and qualified staff deployment with further training, The library staff will take almost care to facilitate the needs of the individual for their intellectual needs. The face ID and access register are also maintained in the library. Effective management of library supports excellence in the students, supports divergent research needs on and off-campus, continues to adopt changes, and contributes to strengthening of the academic life in the campus of the college in all aspects. The website gives the details of all the resources of NTRMEDNET Consortium & Digital Library. In the website in addition to the holdings of the Consortium, open access journals and other related information to Medical Sciences, Library and Information Science blogs which help the librarians to acquire knowledge in latest trends in Information Technology are hosted and are being uploaded regularly. For access to NTRMEDNET the college has a user id and the instructions are clearly mentioned on the site the search of journals and training was given by EBSCO team for search and other nursing skill-related programs and e-books are available for practical teaching.. This is possible with the help of ICTs using remote access tools. It also covers the practicalities of administering the VPN system used, along with issues like training and technical support, future plans in this regard. The college is encouraging the students to read more referral books by allotting time for library in the master plan.

The students have free access to all subject books and journals.

Library will conduct Information Literacy/orientation programs to all in the beginning of the academic year. Besides this, these awareness programs should be conducted when requested by users from time to time.
