Code of Ethics —

Doctoral Thesis It has been resolved that originality of work and citation of references should be practiced as a policy in writing research thesis.

Every researcher before submitting the final work of thesis needs to mandatorily do a plagiarism check in any one of the authorized plagiarisms software's to find the authenticity and originality of the work.

If the percentage of similarities is found to be more than the desired guidelines of the respective universities, the same needs to be resubmitted with the necessary changes. To ensure that such a situation does not happen the Committee has taken up the task of scrutinizing the entire thesis along with the Doctoral Committee members.
