World Blood Donor Day is celebrated annually on June 14 to express gratitude for the selflessness activity of voluntary blood donors across the world. Blood is an invaluable contribution that one individual can offer to another, a profound gift that sustains life itself.

By making the choice to donate blood, a person has the potential to rescue a life, or perhaps multiple lives, as the blood can be divided into its essential components like red cells, platelets, and plasma, which can be administered separately to patients with specific medical needs.

Narayana College of Nursing's National Service Scheme (NSS) unit organized World Blood Donor Day on June 14, 2023, with the support of Narayana General Hospital's blood bank. The programme started at 09.30 a.m. and continued until the 4.30 p.m. All the students as well as Faculty gave an excellent response for the Blood Donation Camp. The NSS Program Officer took all the necessary precautions to provide complete safety to the donors. Around 25 students donated blood to the blood bank. After donation, the participants were given refreshment and blood donation certificate.

With the efforts of the Principal Prof. Vanaja Kumari, NSS Program Officer, Faculty members, students, blood bank staff and NSS volunteers, the event turned out to be a huge success.
